# Rosario

## ISLANDS TOUR

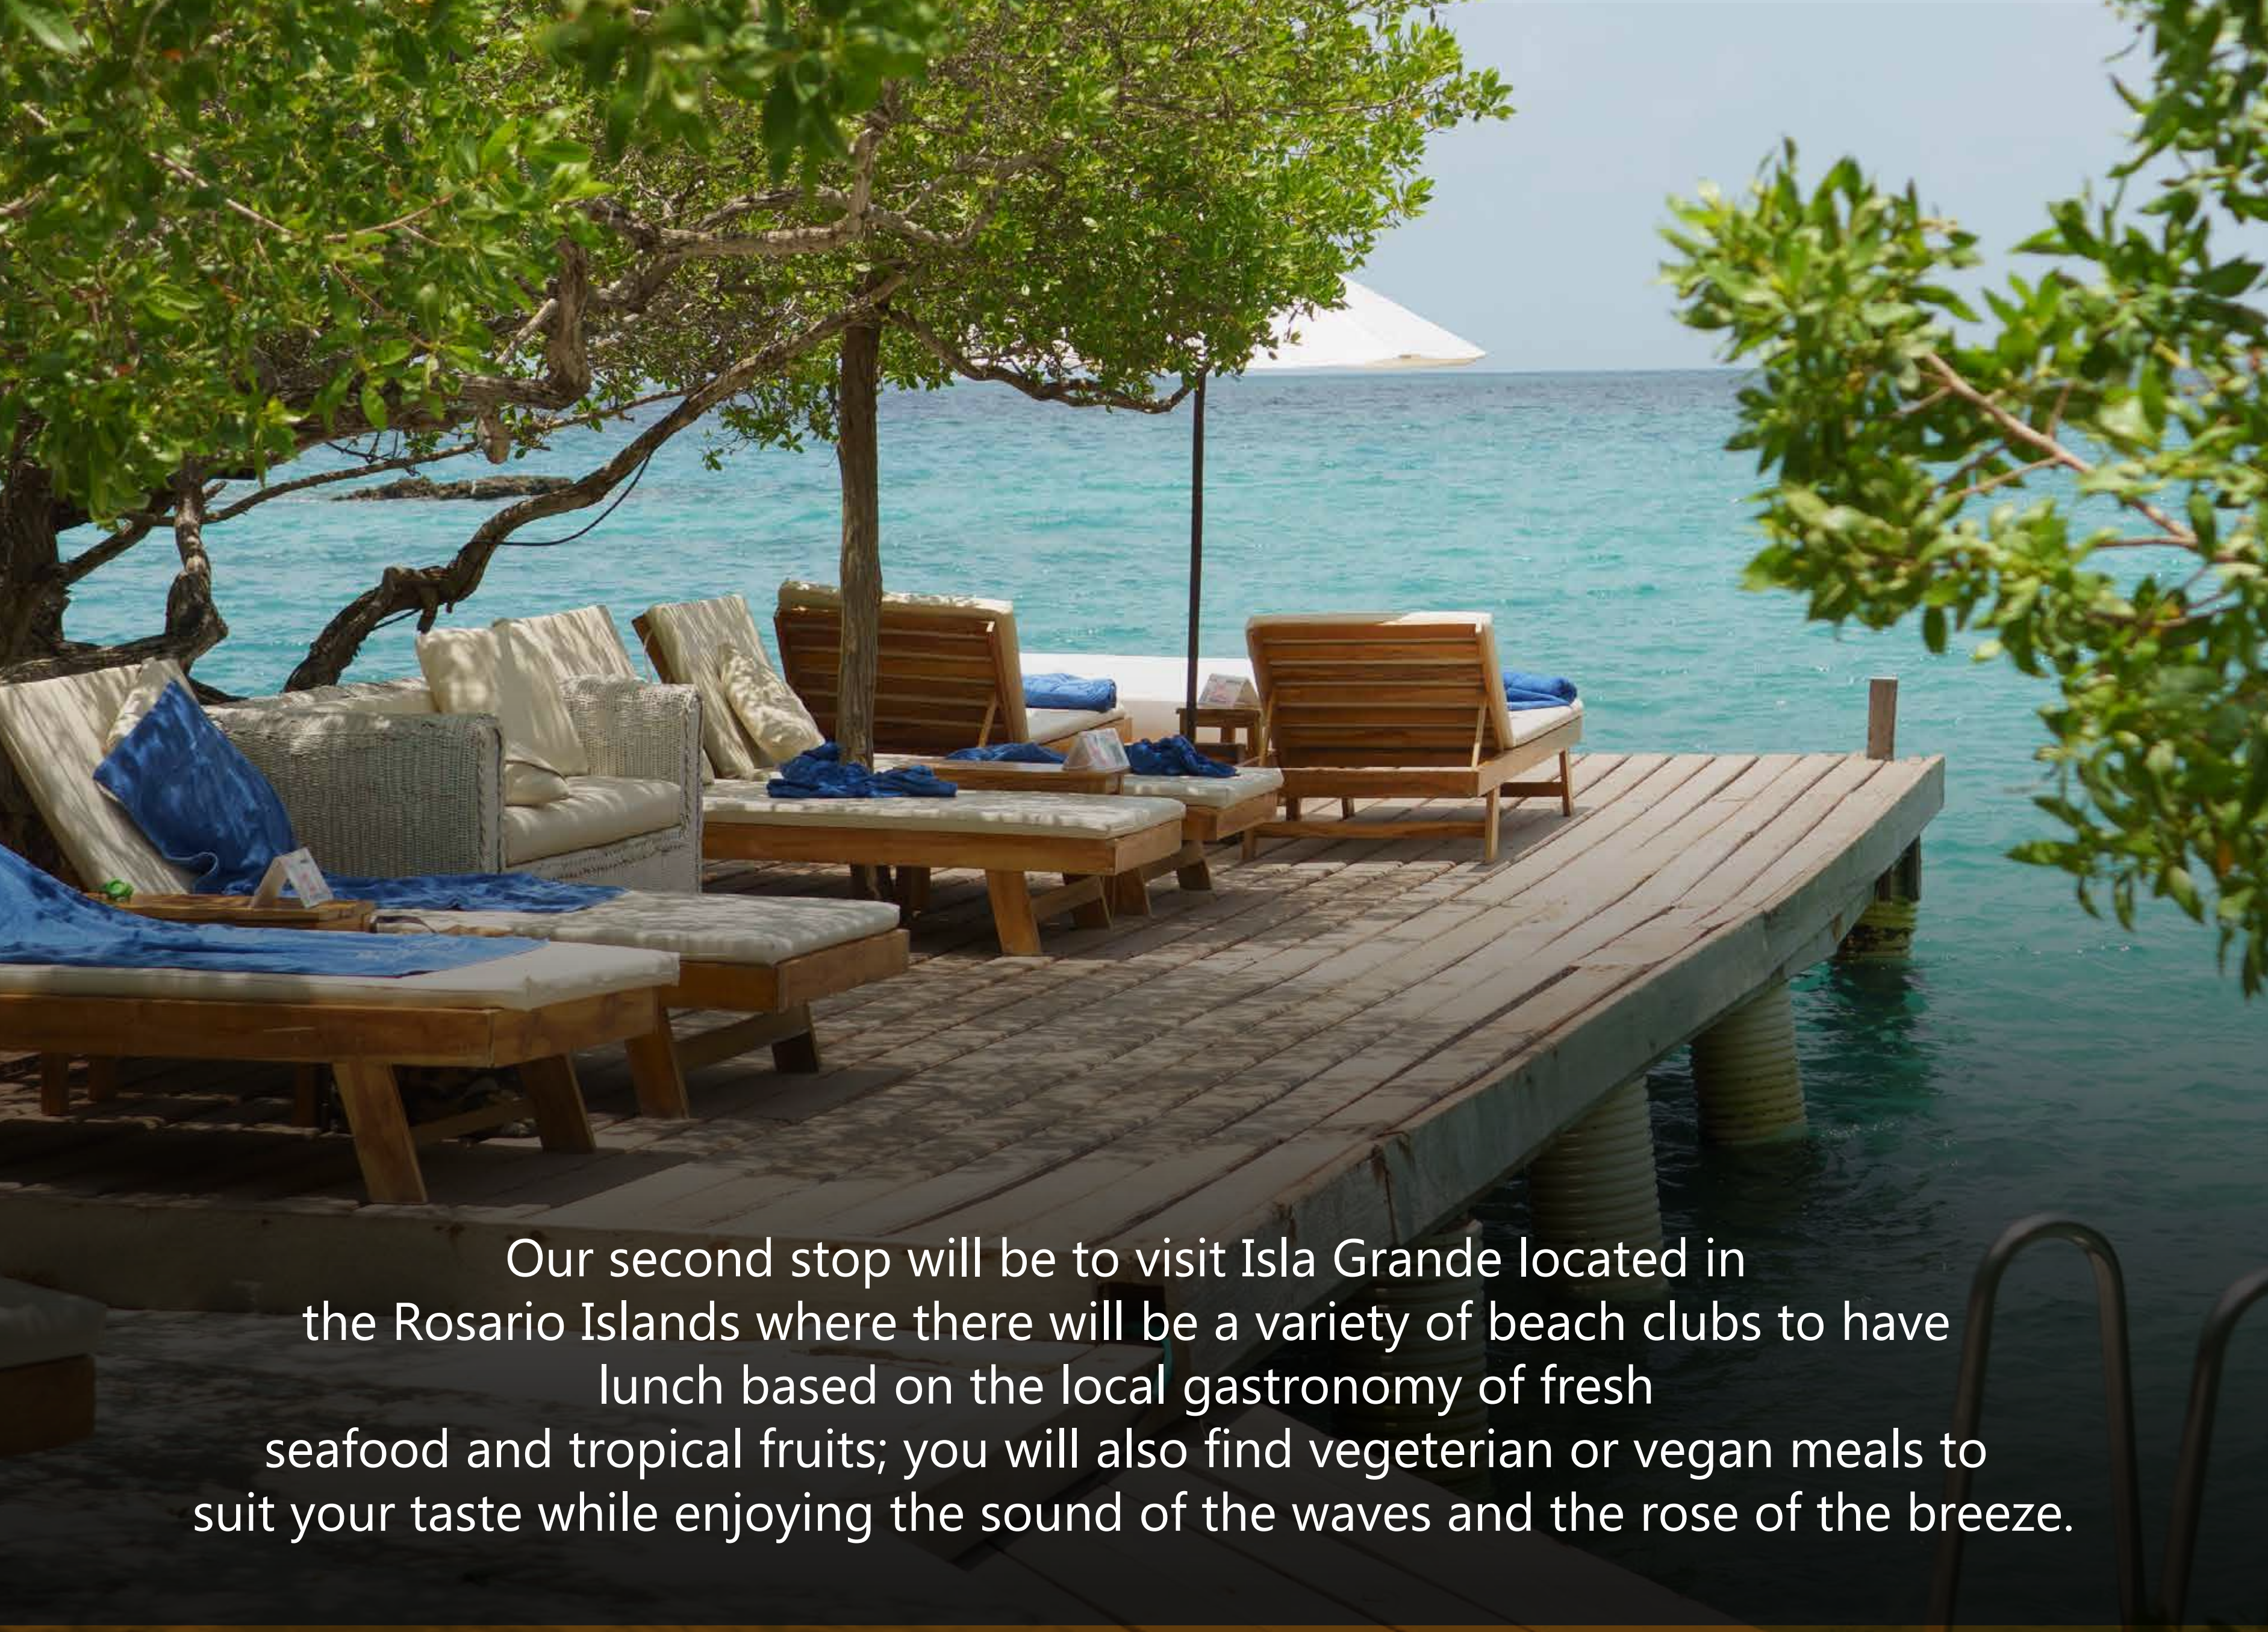

This experience is perfect for those who wish to explore Colombia's beautiful Caribbean beaches. We will take you on an exciting boat ride through crystal clear waters and white sand, where you will get to know the 28 islands located in Islas del Rosario and Baru. Our expert guides will take you to the most special places and tell you stories about the ancestors and ecology of the region.

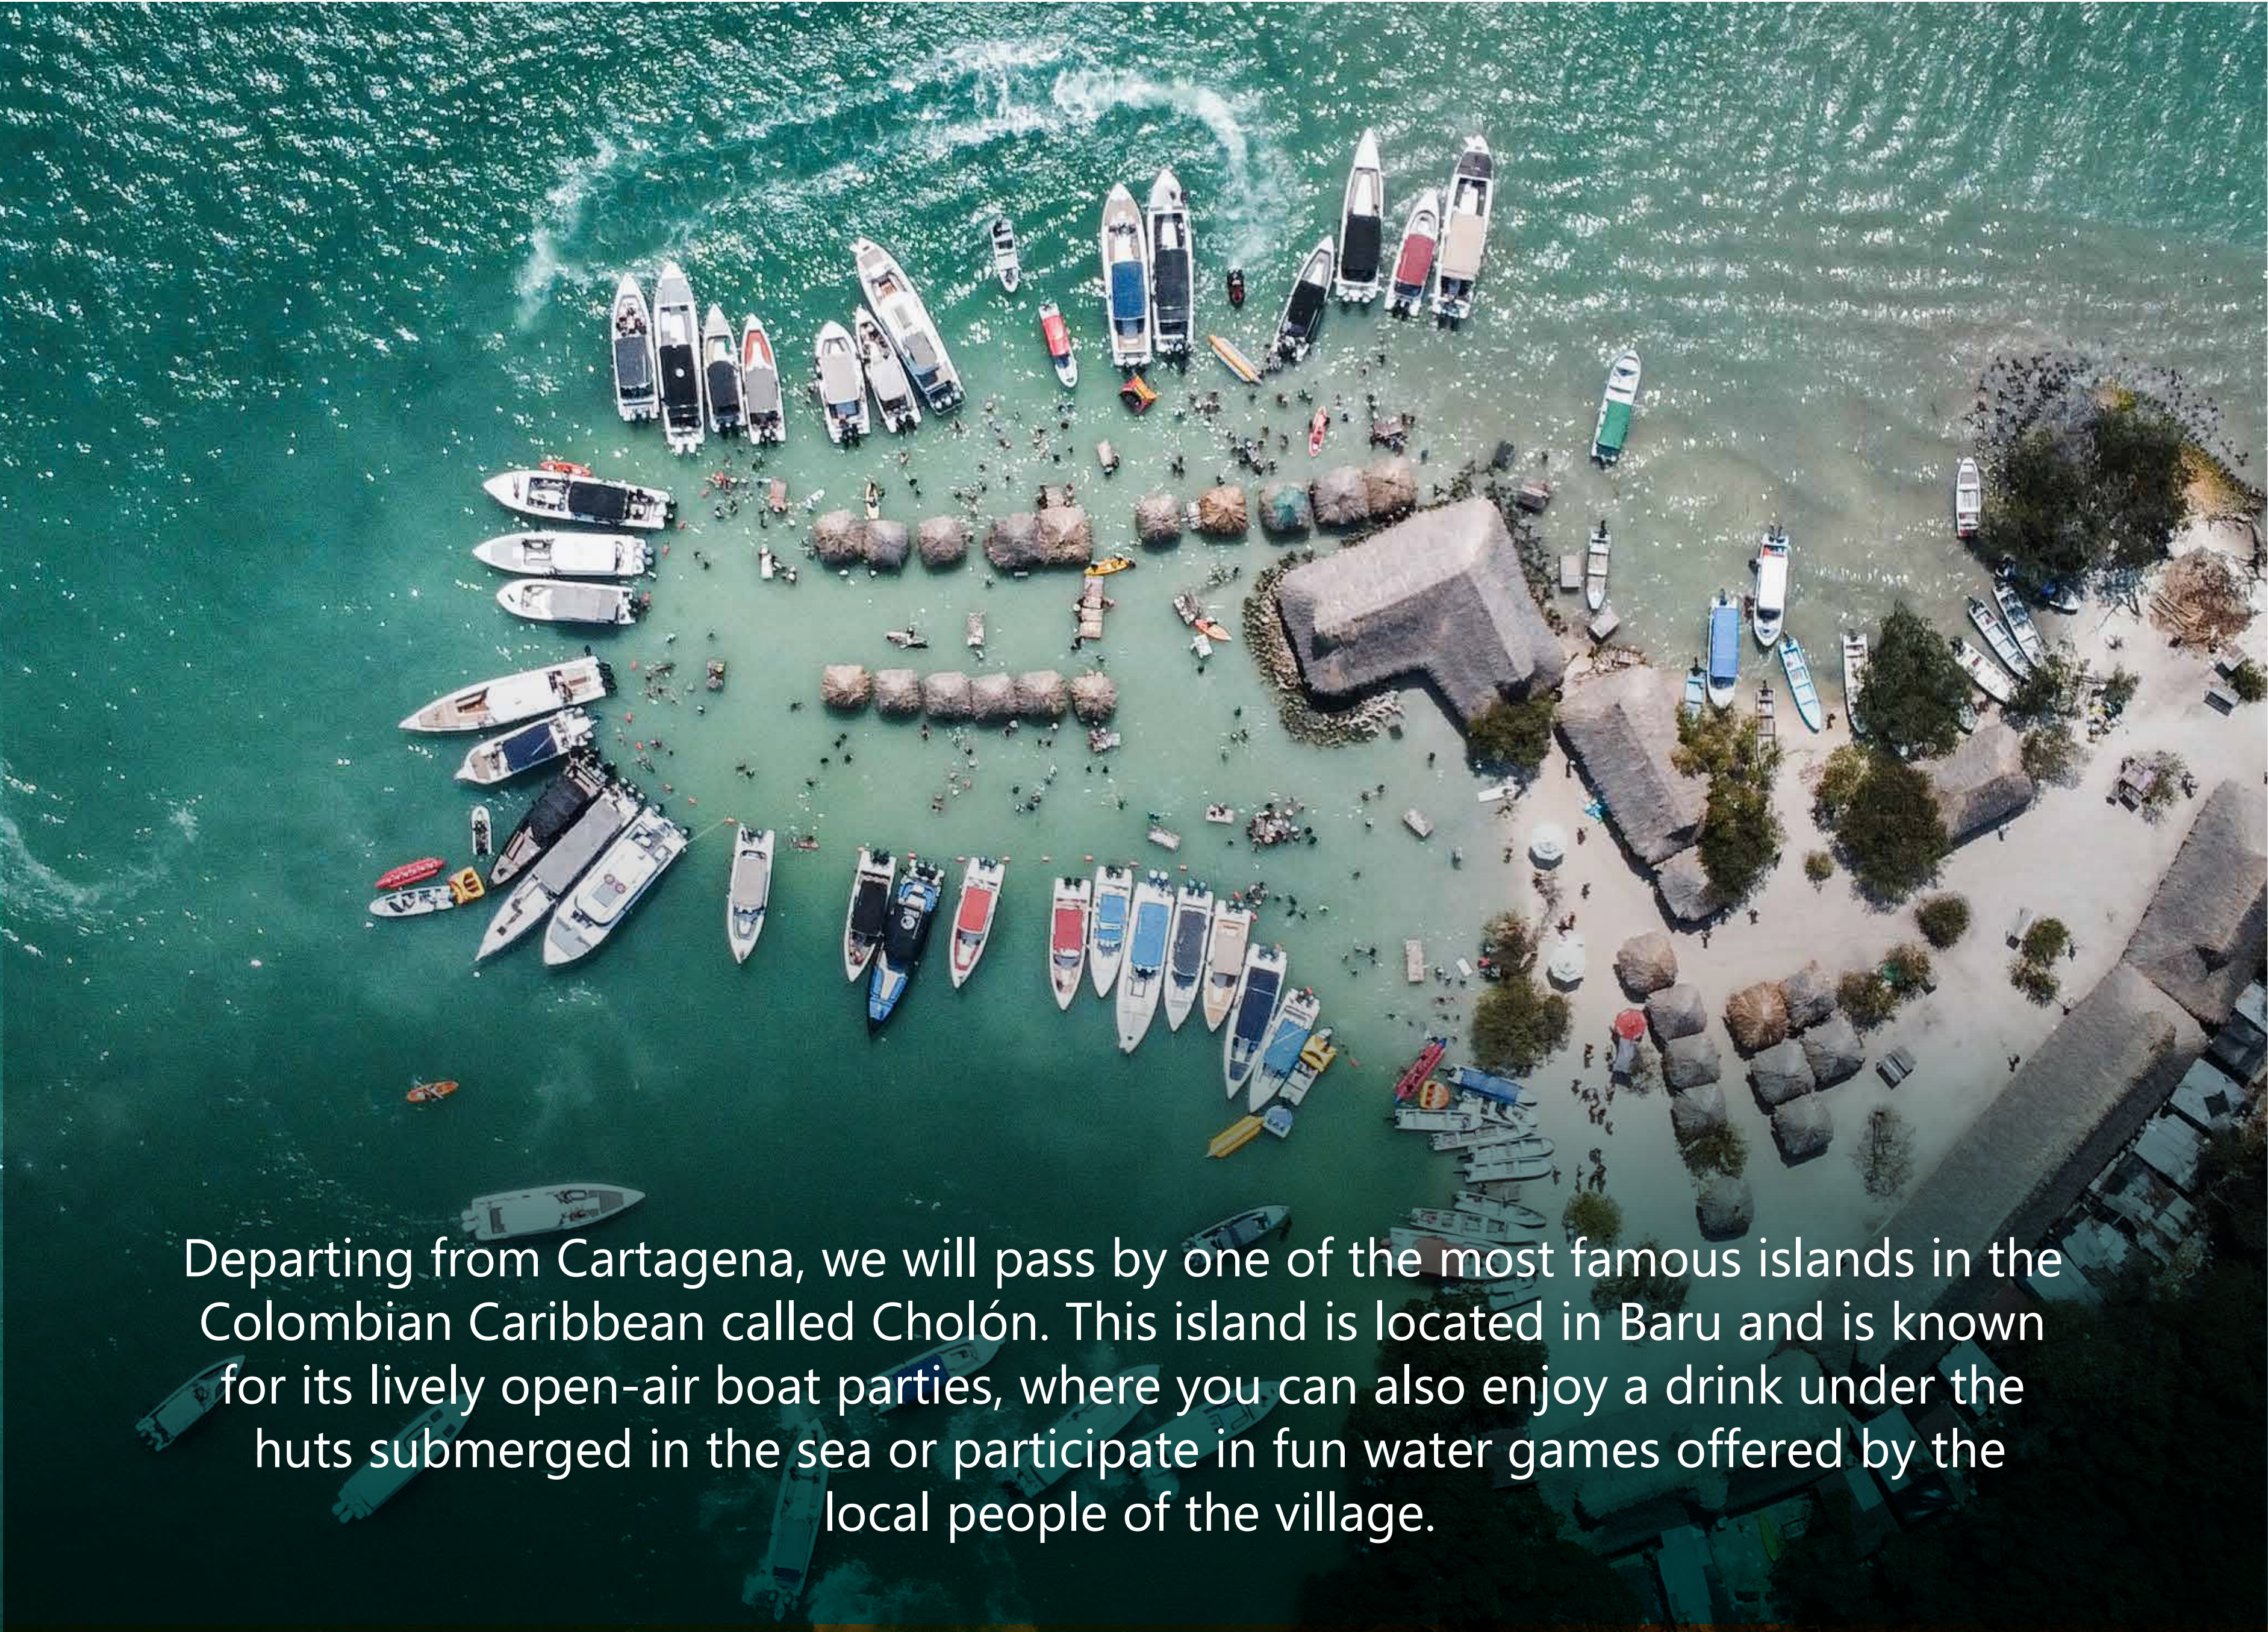

We will start by visiting the Oceanarium located in the Corales del Rosario National Park where you can marvel at the marine biodiversity of the place, swim with dolphins and enjoy their spectacular show.

Our second stop will be to visit Isla Grande located in the Rosario Islands where there will be a variety of beach clubs to have lunch based on the local gastronomy of fresh seafood and tropical fruits; you will also find vegetarian or vegan meals to suit your taste while enjoying the sound of the waves and the rose of the breeze.

If you want to spend a day of fun and excitement, we will take you to two of our exclusive beach clubs located in the Rosario Islands, where you can dance to the rhythm of the waves and enjoy exquisite Caribbean cocktails.

Departing from Cartagena, we will pass by one of the most famous islands in the Colombian Caribbean called Cholón. This island is located in Baru and is known for its lively open-air boat parties, where you can also enjoy a drink under the huts submerged in the sea or participate in fun water games offered by the local people of the village.

If what you want is tranquility and relaxation, we will take you to Playa Tranquila, located on Baru Island, where you can snorkel and observe different marine species that surround the coral reefs. You can also swim in calm waters or let yourself be pampered by the local masseuses.

Witness the beauty the islands have to offer in a full day of relaxation and adventure.
